PROJECTS

E-commerce Website [🔗](#) | HTML, CSS, Bootstrap, Python, Django, SQL

A fully functional website features CRUD operations across multiple categories, search by price range and limit, user sign-up with form validation, multiple user logins, a payment gateway, and a cart feature to save favorite products.

Gym Membership Website [🔗](#) | HTML, CSS, JavaScript, Bootstrap, Python, Django

A fully functional website includes CRUD operations for multiple categories such as products, memberships, and packages. It features a BMI calculator, login and sign-up with form validation, multiple user logins, a payment gateway, and an admin panel for managing user details and transactions.

Shopping Cart [🔗](#) | HTML, CSS, Angular, Typescript, Bootstrap

A shopping cart website features crud operations where you can save your products in your cart and integrated payment gateway.

Resume Uploader [🔗](#) | HTML, CSS, JavaScript, Bootstrap, Python, Django, RESTAPI

A fully functioning website where users can fill in their details and upload their resumes, and even their photos, just like google forms. The users who have submitted their details can be seen on the frontend.
